## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Phillip Wrist on 02 March 2004.

The application has been amended as follows:

on page 2, line 15, please change "show" to --shown--; on page 5, line 14, please change "¶Alternatively," to --Alternatively,--;

in claim 24, line 2, please change "the stand by mode" to --a stand by mode--; in claim 26, line 2, please change "the stand by mode" to --a stand by mode--; in claim 33, line 2, please change "the stand by mode" to --a stand by mode--; and in claim 35, line 2, please change "the stand by mode" to --a stand by mode--.

The following is an examiner's statement of reasons for allowance:

Claims 19-22 and 28-31 are considered patentable because of the inclusion of the claim limitation, "the designating portion can designate between the first mode and the second mode as a standby position before the auto-discriminating portion makes the discrimination", in the claims that is not taught by or suggested by the prior art of record.

Claims 23-27 and 32-36 are considered patentable because of the inclusion of the claim limitation, "the control portion selects between the first mode and the second mode and stands by
